ZIZO

PACKAGE CONTENTS

In The Box

- 1x Thunder T13 Speaker
- 1x Charging Cable
- 1x 3.5mm Audio Cable
- 1x Quick Start Guide
- 1x Warranty Card

GETTING STARTED

Ensure the speaker is fully charged before using for the first time.

Charging

Plug the charging cable into the speaker's charging port with the included cable.

The device will automatically begin charging once the adapter is connected to the unit. The unit will also power on when connected to a power source even if the battery power is low.

When the battery is full, the charging indicator light on the front panel will turn off.

The device takes approximately 5 hours to fully charge. With standard usage, a fully charged battery can play for about 4 hours.

Powering On/Off

1. To turn on speakers, press the power button.
2. To turn off, press the power button.

Wireless Pairing

1. Ensure the speaker is powered on.
2. Enable BT on your device and select Thunder T13 from the list of available devices.
3. Wait for a confirmation sound or LED indication.
4. The speaker will automatically reconnect to the last paired device.

USING YOUR DEVICE

TWS (True Wireless Pairing)

Ensure both speakers are powered on. Pair the first speaker to your phone normally.

Press and hold the M Button for 3 seconds on the second speaker.

Wait for a confirmation sound or LED indication.

Music Playback

Press the Power Button to start or stop playback.

Press and hold the Volume Buttons to adjust the volume up or down.

Press the - / + buttons to skip tracks.

FM Function

Press the M Button to switch to FM radio.

Press the Power Button to automatically scan channels.

Press -/+ to switch channels.

AUX

1. Press the audio input on unit on main panel on the top.
2. Insert the Aux cable plug into the Aux input, then connect with your device.
3. Pull out the cable when finished listening.

ADDITIONAL FEATURES

TWS Technology: Wirelessly connect two ZIZO Thunder T13 Speakers together, and play the left and right music channels with these two speakers to double your audio output.

Smart Device Compatible: Wirelessly stream music from any Bluetooth-enabled device such as your mobile phone, notebook, iPhone or iPad.

AUX Port: Connect to audio from a smartphone, tablet, media player, laptop, PC, or other audio source with a 3.5mm output.

USB Port: Supports USB flash drives and plays MP3 and WAV formats (FAT32).

Micro SD Card Slot: Supports up to 32GB USB Micro SD card and plays MP3 and WAV formats (FAT32).

Charge Protection: Equipped with charge and discharge protection for a safe music experience.

LED Lights: Light up the party with its color-changing LED lights.

Built-in Carrying Loop: Designed for maximum portability.
