GETTING STARTED

CHARGING

NOTE: Fully charge your earbuds and case before first use.

Use the included charging cable to connect the case to a USB power source. The battery level on the display will increase until fully charged.

Fully Charged (~1.5 hours)

CHARGING EARBUDS (between uses)

Place the earbuds in the charging case. Each earbud's charging indicator will light up to confirm both earbuds are charging normally.

Earbuds Fully Charged (~1 hour)

POWERING

Power ON Auto-On when the charging case is opened.

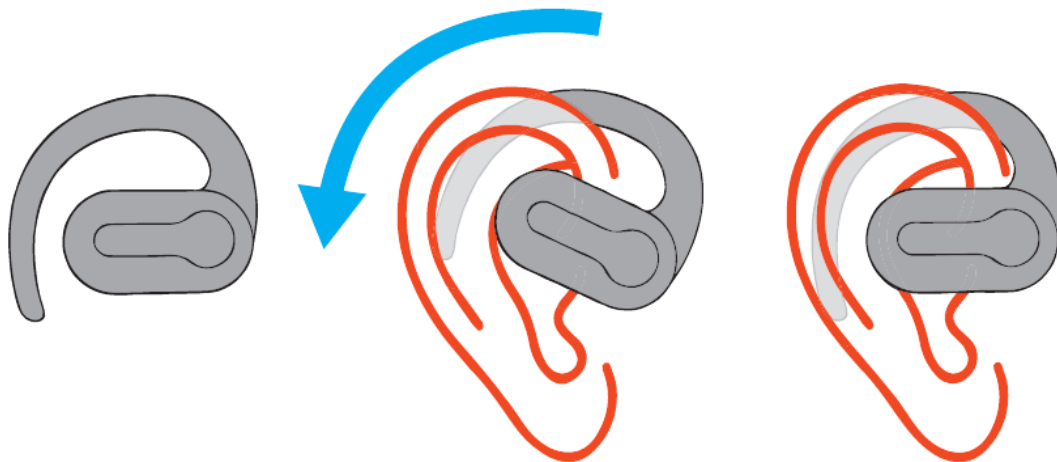

Power OFF Auto-Off when earbuds are replaced and the case is closed.

When outside of the charging case, Press & Hold

(5 sec) (L & R) to manually turn ON/OFF

HOW TO WEAR

Hook & Twist to Secure

PAIRING

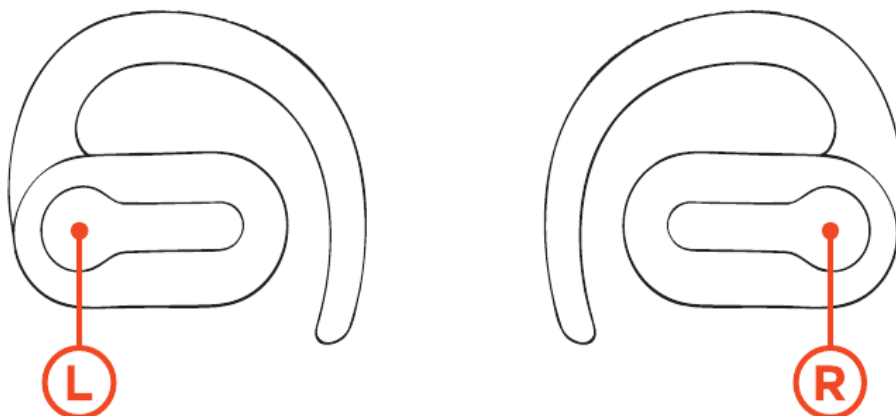

HOW TO PAIR

1. Open the charging case cover. The earbud LEDs will blink BLUE and they will automatically enter Bluetooth pairing mode.
2. Open the Bluetooth menu on your phone, tablet, or computer. Enable searching for available devices.
3. Select "HYG AeroFlex 360" to pair.
4. Once connected, the Status LEDs will turn off.

NOTE: Your earbuds will automatically reconnect to your device whenever they are removed from the charging case.

If you wish to pair your earbuds with a different phone, tablet, or computer, find them in your device's

Bluetooth menu and select "Forget This Device" or "Unpair".
