Market Union Speak Out TRUTH45 Speaker User Manual

FCC id: [2BHYR-TRUTH45-1](#)

Model: TRUTH45-1

What's in the Box?

1. TRUTH45 Speaker
2. USB-A to USB-C Charging Cable
3. Quick Start Guide

Remove your speaker from its packaging

Remove your speaker by gripping each side of its waist, putting pressure down on the black protective packaging, and pulling the speaker out

Your speaker's electronic components are in its brown base, and your speaker's arms could break if you grip and pull them. That's why we recommend removing the speaker by the waist.

Get to know your speaker

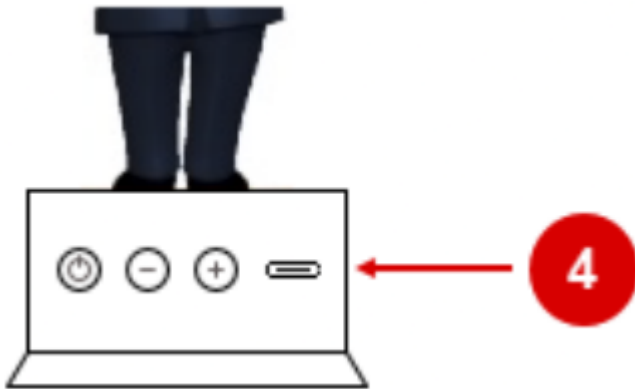

1. Power
2. Volume Down
3. Volume Up
4. USB-C Charging Port

Basic Operation

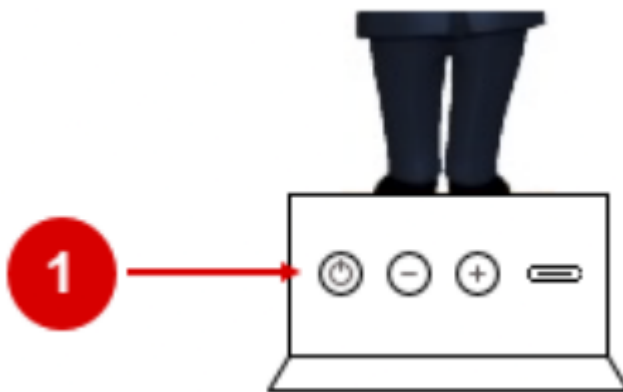

1. Press and hold Power button for 2 seconds to turn your speaker on or turn it off
2. Short press of Volume Up button increases volume
3. Short press of Volume Down button decreases volume

Charge your speaker

Please fully charge your speaker before first use.

1. Plug the USB-A end of your charging cable into a charger (not included)
2. Plug the USB-C end of your charging cable into your speaker's charging port [4]

1. Press your speaker's power button for a second (1)
2. Your speaker tells you it's in pairing mode
3. Open your device's pairing settings and connect to TRUTH45

Pair two Speak Out speakers as Right and Left Channels

1. Turn one of your speakers on
2. Pair your speaker with your device
3. Press Power button twice on your paired speaker
4. Your speaker tells you it's searching for a another speaker to pair
5. Turn on your second Speak Out speaker
6. The first speaker tells you it's the right channel speaker
7. The second speaker tells you it's the left channel speaker

Other Features

1. A short press of Power button plays or pauses your audio
2. A press of 8 seconds of Power button resets your speaker

Other Features

1. Press and hold Volume Down button to go to previous track (2)
2. Press and hold Volume Up button to go to next track (3)

Safety and Use

1. Store and use equipment in a room temperature environment. Do not place this equipment in an environment with an ambient temperature higher than 70°C or lower than -20°C for an extended period of time.
2. Do not charge or use the equipment in rain or high humidity environments.
3. Do not charge or use this equipment in or around water.
4. Keep this equipment away from open flames and heat sources.
5. Do not disassemble, repair and / or transform the equipment.
6. This product has a built-in lithium battery. Do not throw it away. Properly dispose of the equipment at a recycling point equipped to accommodate lithium batteries or at a household hazardous waste collection point.

Note: if you violate the above warnings and use the equipment improperly, you bear all responsibility for any personal and property damage. The company will bear no legal responsibility.
